## Professional quality products

Asfir's variety of products is the perfect solution for accessorizing the off road vehicle.

## Skid Plates

Quality skid plates for off road vehicles with one of the highest design, performance and finish standards in the world. Asfir offers various skid plates protecting the underbody parts of the vehicle such as front, gear, transfer and fuel tank. The skid plates are made of quality aluminum or metal and are screwed to original holes in the vehicle. Service openings in the skid plates enable servicing the vehicle without dismantling the plates.

## Side protectors

Protect the lower sides of the vehicle and aid recovery with a jack. Designed and manufactured by Asfir, using the most up-to-date technology.

## Front and rear bumpers

Quality HD bumpers. Front bumper designed to accommodate a winch. Rear bumper can accommodate a tow hook.

## Checker aluminum protection

A wide variety of checker aluminum protection plates that cover the vehicles' rear wings, front wings, lower sides and hood.
